

# EVOLine® Vertical

Stable. Free standing.

# EVoline® Vertical

EVoline Vertical is a free standing solution for any room. Securely fixed to a solid cast iron base, the Vertical is upright, mobile, space saving and is the ideal solution for offices, hotels or retail areas.

The maximum height of 1.20 m makes it unnecessary to bend over to reach sockets: Power, data and multimedia modules are available at a convenient height. It can be positioned right aside a floor outlet.

Dimensions in mm

Description	Picture	Specifications	Order Number
